## **Tanfac Industries Signs Long Term Supply Contract with Japanese Customer for Fluorinated Chemicals**

**Chennai, 12 January 2026:** Tanfac Industries Limited has entered into a long term supply contract with a Japanese customer for fluorinated chemicals. The contract covers the supply of 7,500 metric tonnes per annum with an estimated value of **₹337.5** crore per year and an aggregate contract value of approximately **₹2,362** crore over a seven year period.

The agreement will be effective from 1 January 2027 and provides long term revenue visibility backed by committed volumes. This contract strengthens the Company's domestic and export portfolio, enhances earnings predictability, and reinforces its position as a reliable supplier in the global fluorinated chemicals market.

**Commenting on the proposed project, Mr Afzal Malkani, Managing Director, said:**

"This contract represents a significant step in deepening our engagement with global customers and reflects the confidence placed in our manufacturing capabilities and quality standards. The long term structure of the agreement provides revenue stability, representing 37.5% of the recently announced fluorinated chemical plant capacity and aligns with our strategy of expanding value added down stream fluorinated chemicals portfolio and building durable relationships with global customers.."
